### Investment Objective and Policy

Petra Savings Booster's broad objective is to achieve above median performance with below median volatility relative to other personal pension schemes

The primary goal of the scheme is to generate steady current income while preserving the capital of the scheme contributors.

The fund seeks to outperform the 3 month rolling average rates offered by the Government of Ghana's 91 day treasury, net of fees while giving protection against inflation.

### Investment Strategy

The scheme's assets will be invested in a well-diversified mix of securities across the permissible asset classes.
